Metodický list a řešení

1. Vyluštěním kryptogramu žáci ověří znalost nové slovní zásoby

používat - use

zubař- dentist

plomba-filling

bolet- hurt

umrtvení-anaesthetic

rychlý- fast

elektrická vrtačka -electric drill

včera- yesterday

cítit- feel

potřebovat- need

2. 1. Žáci použijí slovesa v minulém čase prostěma a ověří správnost poslechem

I went to the dentist's yesterday. I needed a filling in one of my teeth. It was all right. It didn't hurt. The dentist gave me an anaesthetic, so I didn't feel anything. And she used a fast electric drill.

2.2. Zodpovězení otázek a tím ověření porozumění úvodní části textu

Where did Liam go yesterday? He went to the dentist.

Why did he go there? He had a toothache.

Did it hurt? No.

What did the dentist give him? He gave him an anaesthetic.

What did she use? She used a fast electric drill.

3. Poslech 2. části a opravování chybných výrazů

I'm glad I didn't live two hundred years ago. People didn't need to go to the dentist's then, even if they had toothache. The dentist didn't give you an anaesthetic, so you felt everything. He didn't use a fast electric drill. He used instrument like this.

4. Doplnění textu výrazy z rámečku a následný poslech ověřující správnost řešení

Today the dentist's surgery is nice and clean, but in those days everything was very dirty. Most dentists didn't have a surgery. They worked in the streets or in shops. The dentist didn't wash his hands and he didn't clean his instruments.

5. Poslech a doplnění textu

In those days rich people had very bad teeth. They ate a lot of sugar, but they didn't clean their teeth. So they needed false teeth. Today dentists make false teeth from plastic, but in those days they used real teeth. They took teeth from dead people, and sometimes poor people sold their teeth, because they didn't have any money. Poor people had good teeth, because they didn't eat a lot of sugar.
